Steven Malcolm

Uh-huh

God always
Yuh
Put your hands in the air for Cardec
Ayy, yeah

Walking like Pinnochio, with no strings on me, yeah
I just hit the lab and make a hit for my team, yeah
God put the grace on me I shouldn't even be here, yeah
Like a movie scene but ain't no strings on me
Walking like Pinnochio, with no strings on me, yeah
I just hit the lab and make a hit for my team, yeah
God put the grace on me I shouldn't even be here, yeah
Like a movie scene but ain't no strings on me, yeah

Step on scene and catch a vibe you ain't seen, yeah
Ain't controlled by the me I used to be, yeah
I just pray with wifey and got fans in love with me, yeah
I been selling albums over here and overseas
Been around the world with this mic, sowing seeds, ayy
Living testimony got the light on gleam, ayy
We gon' get it done and ain't no team
I got, I got Mykael V on the beat
Okay, I walk in with a briefcase and a tie on
I be so up 'bout my business maybe that's why I'm so dangerous
That aim with the rock, bang with the rock
Came got the game on a lock, came with the mop
Aim with the flame in the pot
Any minute my hope gon' shoot like do-do-do
Heavyweight, I'm only five-nine tho
Painting up my journey lookin' like it's from Picasso
Wished upon a star and I think it came true, ayy
Ask yourself if anything controlling you
Ayy, ayy, ayy, yeah, ayy

Walking like Pinnochio, with no strings on me, yeah
I just hit the lab and make a hit for my team, yeah
God put the grace on me I shouldn't even be here, yeah
Like a movie scene but ain't no strings on me
Walking like Pinnochio, with no strings on me, yeah
I just hit the lab and make a hit for my team, yeah
God put the grace on me I shouldn't even be here, yeah
(Yeah, yeah)
Like a movie scene but ain't no strings on me, yeah

Okay, no strings attached three thou' like I'm Bernie Mac
I just preach the word black and white, I'm a clergyman
Way ahead of the game, I just be knowing where the phoneys at
Oh, they can't hold me back, woah, they can't hold me back
Came in this thing like a young OG
I skipped rookie, straight to the MVP
I know a lot of rappers tryna envy me
But I be handing L, L's like I'm in too deep
Okay, I'm back on my rapper lick
[?] the Colin like Kaepernick
Yeah, you know I been snapping since they been nappin' and havin' it, ayy

Rep VA, know that that's the realest state
I'm my own boss, 'bout to own real estate in LA
Ayy, who care about the industry? (Sheesh)
Lately, lately, I been working on humility
Honestly, leaning on God and not my abilities (Yeah)
Be like suicide they way that I be killing me (Oh yeah)

Walking like Pinnochio, with no strings on me, yeah
I just hit the lab and make a hit for my team, yeah
God put the grace on me I shouldn't even be here, yeah
Like a movie scene but ain't no strings on me
Walking like Pinnochio, with no strings on me, yeah
I just hit the lab and make a hit for my team, yeah
God put the grace on me I shouldn't even be here, yeah
Like a movie scene but ain't no strings on me, yeah

Put your hands in the air for Cardec
Mykael V
No strings attached
When you talk to me, talk to me nice
You heard?
God always!
