

# Not Alone

Steven Malcolm

Always moving my life  
It been like a mission  
Far away with the stars  
I feel the distance  
Here to give you my heart  
And everything in it  
Yet I feel alone  
Dark room  
Consumed and feel alone we  
Grown apart  
Now days don't hear the phone ring  
Say you care but I really need you to show me  
That I'm not alone

Gave away my time and now  
You told me you were leaving  
I wish you would love me through it  
I had me believing  
Nowadays the rain and thunderstorm the perfect season  
You needed my love  
But always felt that competition  
Time needed me when  
She needed comfort  
Right next to me  
Treat you like my holster  
Talk been so cheap  
Told me need to show her  
Chick in my life I need wrapped around my shoulder

Always moving my life  
It been like a mission  
Far away with the stars  
I feel the distance  
Here to give you my heart  
And everything in it  
Yet I feel alone  
Dark room  
Consumed and feel alone we  
Grown apart  
Now days don't hear phone ring  
Say you care but I really need you to show me  
That I'm not alone

Show me that I'm not alone  
Show me that I'm not alone  
That I'm not alone  
Show me that I'm not alone

Way I'm living  
Gotta scroll all through my timeline  
To see me living  
And I promise every time  
It's gon' be different  
Next thing you know I'm lying  
Back outside getting it  
Empty picture frames  
On walls of my whole room

Memories became us  
Now I just wanna hold you  
Bringing back the pain  
And the scars we don been through  
Say that time a healer  
But what is love if it's not with you

Come here love you got what I need  
Don't make me buy a diamond ring get one bended knee  
Throw away the key  
Love in the air  
And it hit me  
On a Scale a ton  
And me I need my rib piece  
Let's press rewind  
Jus' one more time

Always moving my life  
It been like a mission  
Far away wit the stars  
I feel the distance  
Here to give you my heart  
And everything in it  
Yet I feel alone  
Dark room  
Consumed and feel alone we  
Grown apart  
Now days don't hear phone ring  
Say you care but I really wish you would show me  
That I'm not alone...
