

## On Point

Steven Malcolm

Know I gotta grind out daily  
Pass on point like Brady  
Game time bout to go crazy  
Squad so deep that we look like the navy  
Pass on point like Brady  
Pass on point like Brady  
Pass on point like Brady  
Pass on point like Brady

Had a teenage dream like Katy  
I'm doing what I love and they pay me  
Two years and the fans still waiting  
Guess the pass on point like Brady  
I'll mash on a boy like navy  
Rage on the stage make the crowd go crazy  
Put the tune up pack it up rack it up have it looking like a trap house in t  
he 80s  
I can't buy time so I give my family more  
Some be so blind I think that's what I'm here for  
So many people pretending, can't do no more  
God gave me signs said this is not my pinnacle  
Swear I've been tripping that's why I've been laying low  
Dipping these interviews, been trying to get to know  
My older self and get back to the music  
I might go stupid so God can use it!

Know I gotta grind out daily  
Pass on point like Brady  
Game time bout to go crazy  
Squad so deep that we look like the navy  
Pass on point like Brady  
Pass on point like Brady  
Pass on point like Brady  
Pass on point like Brady

Me I'm a champ like Bailey  
Ain't none of these ops gone phase me  
A lot of y'all fraud and fakin'  
The champ is here no more waiting  
Pass on point like Brady  
Pass on point like Brady  
Pass on point like Brady  
Pass on point like Brady

KB in the bay going crazy  
Put peace on the hood Mercedes  
Young boys letting off 80  
Leading next to a DR like Haiti  
This ain't no Barnum and Bailey  
No internet clown gonna play me  
Money ain't never gone make me  
I can win with a couple bucks like Brady  
HGA baby you cannot shame me  
What they gone pay me to shut my mouth  
Ain't gotta okay me  
That ain't gone save me  
I'm finna stay free on the house

Know what it feel like getting a deal like touching a mill like this ain't c  
lout  
This isn't real life  
I got a real light  
Christ is better and it ain't no doubt  
I ain't got time to debate  
There's countries to save  
Afghanistan, Cuba I pray  
I see you tryna be you  
I'm trying to be hope for the people that's stuck in a grave

Know I gotta grind out daily  
Pass on point like Brady  
Game time bout to go crazy  
Squad so deep that we look like the navy  
Pass on point like Brady  
Pass on point like Brady  
Pass on point like Brady  
Pass on point like Brady

Me I'm a champ like Bailey  
Ain't none of these ops gone phase me  
A lot of y'all fraud and fakin'  
The champ is here no more waiting  
Pass on point like Brady  
Pass on point like Brady
