

# Summertime

Steven Malcolm

Venice Beach for the boardwalk and the sunsets and the dime pieces, ah yeah  
Fairfax for the drip, feel like I've been walkin around with all the sauce,  
ah yeah

Summertime's back  
Sun beaming down  
Everybody love it when the D-O-Dub in town  
Roller skates, water fights, flyin kites  
Stayin on ya California, that's the life  
Pretty girls, we got boujee, classy  
But me, I prefer them city girls  
April, May, June, July, we so fly, rock with me, baby  
I'll drive you crazy with this lullaby

We party like it's summer everyday  
We put the work in, now we straight  
Praise God, look what he did for me  
Summer Summertime, and it feel like everyday  
All my friends around me, no time for the fakes  
Summer Summertime, and it feel like everyday  
Summer Summertime, and it feel like everyday  
Summer Summertime, and it feel like everyday

Summertime know we ride round in a 64 wit my kin folk  
Coming live from the jungle  
Where the wrong color make you get low  
Hop in the presidential this not a rental  
That's not the wave, and I told 'em I sea sick  
That ain't no cap and this here is the remix

Summertime know we ride round wit the top down in a 64 ah yeah  
Nighttime and the moonlight with the vibes comin through the 808's, ah yeah

That's the lifestyle of the young and wavy  
MIDWEST wit DO double G might get it poppin in yo city  
Got my team wit me that IVAV  
Me and Jay been goin crazy, chefin up the tune yeah  
That's A major key alert  
I been on 1 gettin it rockin  
Switchin lanes gettin it boppin  
Get in my zone take off like a rocket  
Heart like I'm Hercules how can you stop 'em  
When he got the juice and I sip on the truth  
Ain't no topic that top it and I am the top pic  
That Summertime love we here to drop it yeah

We party like it's summer everyday  
We put the work in, now we straight  
Praise God, look what he did for me  
Summer Summertime, and it feel like everyday  
All my friends around me, no time for the fakes  
Summer Summertime, and it feel like everyday  
Summer Summertime, and it feel like everyday
