

## Vigorous

Steven Malcolm

Strapped up with that pen, call it game time  
Dominate while glorifying Jesus at the same time, double whammy  
No need for landing I'm way up and never coming down  
Dropping off that Real Talk, Truth spark lighting up the dark  
I am vigorous wit the flick on my wrist  
Love how I live for witness kill this specimen  
Lord willing I'm gonna bring the message  
I'm the last in His will do I'm the legend  
Ya tell them catch up cause I'm hot dog  
Shining bright you see me with the lights off  
So relentless you know how he does it  
You know me and my skrilla you know he keeps it one hundred  
Land on my tracks like the floors  
Malcolm in the middle like the chorus  
Got me thinking if the Lord is for us  
Then who can come against us boy we do this  
Came for the broken know we nuny  
Here for the fire that flowing me  
So we let the heavens just to set me free  
Omega and the flesh call it humble beast

Carry the life we like what's the word  
No pun intended, but what's the word?  
Squad serving God that is vigorous  
Squad serving God that is vigorous  
Squad serving God that is vigorous  
Driven by the spirit that live in us  
Flexing for the name that we lifting up  
On my momma dis here how we living bro

Pull out a chopper, know that He wanted  
Pull out a chopper, know that He wanted  
I got a squad, defeated the odds  
Thinking I'm crazy, we IVAV  
Lion of Judah, King of kings, take off the cross making our way  
back to the Father  
Pull out a chopper, know that He wanted  
He feed em' five thousand, who you know walking on water

All my squad 100 on my dog  
Back with all that talk like y'all don't know  
Serving, I can get this in control  
All I know what squad bout to go
