

## Watch

Steven Malcolm

Yeah

Church communion with the bread up (Yeah!)  
Was so lost in my sin 'til I was fed up (Yeah!)  
Through the trials and tribulations, keep my head up (Yeah!)  
Real recognize real, you don't know what that is

Tell 'em they all better watch  
Let 'em talk, know this here will never stop (Never stop)  
He's the reason I'm forgiven of a lot, yeah  
For this here giving everything I got, yeah (I got)  
Left my time, cost money, better watch, yeah (Yeah, yeah, yeah)  
Better watch, yeah (Yeah, yeah, yeah)  
Left my time, cost money, better watch, yeah (Yeah, yeah, yeah)  
Ayy, better watch, yeah (Yeah, yeah, yeah)  
Left my time, cost money, better watch

Yeah, all my life, I've been mixing with the pots  
Cooking up perfection with the blessings that I got  
Crazy that I went to college to become a cop  
So I cuffed the game, now it's mine 'til I drop  
No father figure, Rest in Peace to my Pops  
Mom was off that alcohol, strugglin' to stop  
Sister was a stripper so I left my only spot  
So I raised myself, call that school of Hard Knocks  
Everybody wanna stop but can't connect the dots  
Why some people sleepin' on me like a pillow top  
Time to wake 'em up, ain't no snoozing on my clock  
It's time to catch the wave like I took off in my yacht  
Wake up in the morning, brush my teeth, and get to grindin'  
A lot of people talkin' but when I show up they silent  
Crooks stay on the road, steady racking up that mileage  
Father, Son, Holy Ghost, pay your homage

Church communion with the bread up (Yeah!)  
Was so lost in my sin 'til I was fed up (Yeah!)  
Through the trials and tribulations, keep my head up (Yeah!)  
Real recognize real, you don't know what that is

Tell 'em they all better watch  
Let 'em talk, know this here will never stop (Never stop)  
He's the reason I'm forgiven of a lot, yeah  
For this here giving everything I got, yeah (I got)  
Left my time, cost money, better watch, yeah (Yeah, yeah, yeah)  
Better watch, yeah (Yeah, yeah, yeah)  
Left my time, cost money, better watch, yeah (Yeah, yeah, yeah)  
Ayy, better watch, yeah (Yeah, yeah, yeah)  
Left my time, cost money, better watch

Yeah, and while you watching catch me locking on what's popping  
Take no days off be my one and only option  
We out working those who working, that's for certain  
Type of person bring that work in  
My Suburban steady swerving  
Roll the credits, close the curtain  
Shows some perfect, broke the burden  
Grow the furthest from my past and sin, I'm curvin'

Faithfulness on proper learning  
Higher learning what I'm yearning  
Far from perfect, that's my sermon  
I'm McClurkin, holy verses, this my service  
Bring the church in, hallelujah  
Lion of Judah, great Yeshua  
Shout to Scootie, ain't no talking, I just do it  
Nike checks all on my shoes and while I'm shooting  
We keep winning, they keep losing  
IVAV, we the truest, they just losing  
So confusing they the old and we the new  
That just how we do it  
They gon' tell my ways, I speak it fluent  
You witnessing the work of an apostle  
And it's still Lord, kill me if I don't preach The Gospel

Church communion with the bread up (Yeah!)
