

12 THINGS I FORGOT

Steven Wilson

I forgot
What it was that I was
There was a time when I had some ambition
Now I just seem to have inhibitions
Forget what I said
'Bout acting on all the plans that I made
Now I just sit in the corner complaining
Making out things were best in the 80s

'Cause I forgot
There's so many things that I pretend to you I'm not
Something I lost
And I know what it meant to you
I know what it meant to you
What I said to you
Is crossing the line and you'll never begin to forget

I forgot
What it was that I'm not
And you can protest that I can't make commitments
But it don't seem to make any difference
Forget what I've done to all of the people that gave me their l
ove
Well I have no problem with sleeping at night
I've done wrong but I just don't remember

'Cause I forgot
There's so many things that I pretend to you I'm not
Something I lost
And I know what it meant to you
I know what it meant to you
What I said to you
Is crossing the line and you'll never begin to forget

'Cause I forgot
There's so many things that I pretend to you I'm not
Something I lost
And I know what it meant to you
I know what it meant to you
What I said to you
Is crossing the line and you'll never begin to forget
