

Children Of Tomorrow

Stevie B

I wanna ask this question
What would you do if the world was gone
No more crying babies
No one to say "My dad is home"
Do you think of tomorrow?
The scars of pain that you've caused today
Why must we live in sorrow?
We've got to fight for a better way

I wanna ask this question
What would you do if the rain didn't fall
Nothing to hide our teardrops
When we go walking in the rain in the park
Can't you hear the fear in my heart?
Someday it all will be over
No second chances to make it right
You gotta stand up and fight for your world to be free

Children of tomorrow (children of tomorrow)
You've got the right to live your life
Clean up this pain and sorrow
You've got to stand up and fight for the world to be free

Children of tomorrow (children of tomorrow)
You've got the right to live your life
Clean up this pain and sorrow
You've got to stand up and fight for the world to be free

I wanna ask this question
What would you do if the sun didn't shine
Nothing to [?] babies
No way to see the stars in your eyes
Preachers and politicians
What is wrong with the message today
So many people are dying, dying
We've got to fight for a better way

Children of tomorrow (children of tomorrow)
You've got the right to live your life
Clean up this pain and sorrow
You've got to stand up and fight for the world to be free

Children of tomorrow (children of tomorrow)
You've got the right to live your life
Clean up this pain and sorrow
You've got to stand up and fight for the world to be free

Children of tomorrow (children of tomorrow)
You've got the right to live your life
Clean up this pain...
