

Crying Out

Stevie B

Time
Has the way of change
Love
Why ya do me this way
Our world
Will never be the same
Cause In time
You will have to learn my name

So why are you dying
I am so into you
I can't stop crying
So what can I do
But cry out to you

I'm crying out for the lonely people
I'm crying out for your love
I'm crying out cause my heart is aching
And don't you ever give up

I'm crying out for the lonely people
I'm crying out for your love
And don't give up on the harvest waiting
Waiting now from your Lord
From the Lord

La lllallah lllallah
Muhammada Rosoolillah

Man
Must start changing this ways
Help
Must not come in to late
Pain
Some day we all shall pay
Cause love
Should be first of all things

So why are you dying
I am so into you
I can't stop crying
So what can I do
But cry out to you

[Chorus 2x]
