

Don't Be Afraid

Stevie B

I'm living my life from day to day
Thinking of the things we said
You promised me one million times
You'd never leave

Now you've gone so far away
There's so much I could say
How many tears must I cry for you?

Don't be afraid, dreams of you and me
Don't be afraid, I'll be loving you
Don't be afraid, you'll never be alone
Don't be afraid, I'll be loving you

All that I know
You mean so much to me
Will you ever, do you ever
Think of me?

Now it seems I'm all alone
So alone without your love
Every night I wake up crying
Every night I'm on my own

Don't be afraid (don't be afraid)
Dreams of you and me
Don't be afraid, I'll be loving you
(I'll be loving you)
Don't be afraid (don't be afraid)
You'll never be alone
Don't be afraid, I'll be loving you
(I'll be loving you)

Don't be afraid (don't be afraid)
Don't be afraid
I'll be loving you
Don't be afraid
Don't be afraid
I'll be loving you

Don't be afraid (don't be afraid)
Dreams of you and me
Don't be afraid, I'll be loving you
(I'll be loving you)
Don't be afraid (don't be afraid)
You'll never be alone
Don't be afraid, I'll be loving you
(I'll be loving you)
