

Ohhh

Jumped in my ride  
not a word to say  
my baby called  
come over to my place  
ain't waisting time  
ain't got all day  
I need to see your face

To many dreams  
and reality  
been to damn long  
to long for me  
to taste your lips  
your kiss is sweet  
like honey from a bee

Wuooo wuooo

Just let me freshin up  
and I'll be there  
so I can run my fingers  
through your hair  
nobody else can do  
these things to me  
just give a now  
now I'll be

Headed down the I 5  
cuz I wanna see  
my baby tonight  
100 miles an hour till  
I see the signs  
that takes me to her

cuz I'll be

Headed down the I 5  
cuz I wanna see  
my baby tonight  
100 miles an hour till  
I see the signs  
that leads me to her

I wait a day  
to bring you down  
your foots steps  
are such a lovely sound  
you look so good  
words can't be found  
to you my heart is bound

We'll never part  
never part  
I'll never change  
never change

long as I live  
I'll be this way  
I'll take you there  
and every day  
I'll always feel this way

wuooo wuooo

How can I possibly  
deserve your heart  
cuz baby your  
a perfect work of art  
that's how I feel  
when ever you need me  
just pick up the  
phone and I'll be

Headed down the I 5  
I'll be  
cuz I wanna see my  
baby tonight  
I'll be drivin  
100 miles an hour till  
I see the signs  
takes me to her  
leads me my baby

I'll be  
Headed down the I 5  
cuz I wanna see  
my baby tonight  
100 miles an hour till  
I see the signs  
and leads me to  
my baby

And I'll

I'll be your man  
and just I can  
I'll love you  
more than you could  
understand  
I'll fill your needs  
when you with me  
for eternity

And I'll be  
Headed down the I-5  
cuz I wanna see  
my baby tonight  
100 miles an hour till  
I see the signs  
that leads me to  
my baby yeah  
my baby  
my baby

Repeat 5 x  
I'll be  
Headed down the I 5  
cuz I wanna see  
my baby tonight

100 miles an hour till  
I see the signs  
that leads me to  
my baby

thats leads me to your love.  
thats leads me to your love.
