

# I Lost My Love Today

Stevie B

This morning I found  
Some pictures of the two of us  
Days we spent together  
It's bringing me down  
Cuz you're not here beside me  
And tender love to guide

It's been so long  
Since I held you close in my arms  
I tried so hard to be strong  
But without you  
I just can't go on

I lost my love today from yesterday  
I pray tomorrow she'll be coming back  
How could she break my heart  
After all I've done  
Cuz I'm never gonna love again

Say what you will  
Cuz I love her and I miss her  
Ohh I need to kiss her

And I love her still  
Don't now what to do about it  
Don't want to live without it

Why did she go  
And leave me here  
To carry the load  
I gave my all gave my soul  
And I don't want to let her go

I lost my love today from yesterday  
I pray tomorrow she'll be coming back  
How could she break my heart  
After all I've done  
Cuz I'm never gonna love again

I lost my love today from yesterday  
I pray tomorrow she'll be coming back

It's been so long  
Since I held you close in my arms  
I tried so hard to be strong  
But it's so hard to carry on

I lost my love today from yesterday  
I pray tomorrow she'll be coming back  
How could she break my heart  
After all I've done  
Cuz I'm never gonna love again

I lost my love today from yesterday  
I pray tomorrow she'll be coming back
