

I Tried

Stevie B

How could we go from saying I Love You
To baby get out, I just can't stand you
How could you go and throw
Away promises made on our Wedding Day.

How could you go and leave me standing
I shiver and shake and my heart is pounding
Please can you help me erase the tears
I miss all the love that we once shared.

I tried to do my best for you from the
First time you said I love you, just for us
But I guess my best wasn't good enough

I tried to make our dreams come true
A Shining Knight to rescue you but you're gone
But for once in my life I can say I have tried.

I have tried

The look in your eyes, the smile on your face
The memories of you I can't replace
I know that I meant something to you
I know that you hurt as much as I do.

But baby sometimes we fuss and fight
But all I want to do is make things right
Give me the chance, I'll prove to you
I live my whole life just to give love to you.

I tried to do my best for you from the
First time you said I love you, just for us
But I guess my best wasn't good enough

I tried to make our dreams come true
A Shining Knight to rescue you but you're gone
For once in my life I can say.....

I want you to know wherever you go
I'm thinking of you
My nights are lonely and I do cry
Because I rather be with you.

I tried to do my best for you from the
First time you said I love you, just for us
But I guess my best wasn't good enough

I tried to make our dreams come true
A Shining Knight to rescue you but you're gone
And I am so all alone, come back home where you belong
For once in my life I can say I have tried.

I have tried.
