

## Lifetime Love Affair

Stevie B

People say our love won't last too long  
But who are they to judge us  
Just because they see our love is strong  
Built on love and affection

What we have inside our hearts  
Will last forever and ever  
Whereas no way we can ever part  
Honey I wish for no other

When I'm alone with you  
You're the only one I'm thinking of girl  
Cause I got a lot of love  
I want to give you

A lifetime love girl  
I want to share a life time love affaire  
Only with you  
Only with you  
Only with you

Lovers come and lovers may go  
Honey we've got something special  
The kind of love that only grows and grows  
Each time that we are together

Two hearts that beat as one  
Having fun in the sun  
And I just want to tell you girl  
How much I thinking of you

When I'm in love with you  
You're the only one I'm thinking of girl  
'Cause I've got a lot of love  
I wanna give to you  
A Lifetime love affair girl  
...

A lifetime love girl  
I want to share a life time love affaire  
Only with you  
Only with you  
Only with you
