

Memories of Loving You

Stevie B

Sitting by my window pane thinking of better days.
Memories of love we shared together.
I'm trying to figure out what went wrong with me and my baby.
Will somebody please give me an answer.

And now that you're gone I just cry.
Thinking of you as time passes by.
Wanting to call to say I love you.
'Cause I miss my baby,

Memories of loving you.
I can't get over this pain and sorrow.
Memories of loving you.
Wishing there was a way for us to start over.
Memories of loving you.
I can't get over this pain and sorrow.
Memories of loving you.
Wishing there was a way for us to start over.

Oh-oh-over

My baby and I used to be so care free she loved me so easy.
And I was a fool and I want her back with me.
What can I say, tell me what can I do to turn back the hands of
time?
I just can't forget the days were so fine.

And since you've been gone I just cry.
Thinking of you as time passes by.
Wanting to call to say I love you.
'Cause I miss you baby,

Memories of loving you.
I can't get over this pain and sorrow.
Memories of loving you.
Wishing there was a way for us to start over.
Memories of loving you.
I can't get over this pain and sorrow.
Memories of loving you.
Wishing there was a way for us to start over.
