

No More Tears

Stevie B

Every time I come around
You seem like you're leaving me
Why don't you stay, girl?
I got something to say
Don't you know I love you?
Won't you come into my life?
I want you, love

I'm askin' you
How bad I wanna go now
I know you really need someone
One who really cares for you
I want to be the one
One you can count on
Let me love you, girl

There will be no more
(No, no, no, no, no)
Tears tonight
There will be no more
(No, no, no, no, no)
Heartache, no fighting
There will be no more
(No, no, no, no, no)
Tears tonight
Just wanna love somebody
I just want to love you, baby

No more
Tears tonight
There will be no more
Heartache, no fighting
There will be no more
(No, no, no, no, no)
Tears tonight
Just wanna love you, lady

I know it don't seem right
You and me together
The situation calls for
You to leave me alone
But I am the one, girl
To take you to a higher ground, girl
Don't leave me alone

'Cause I can love you
Better than any other
I'm not just a friend, girl
I'm not just your lover
Even though your old friend
Won't leave us alone
Come in and share my world

There will be no more
(No, no, no, no, no)
Tears tonight
There will be no more

(No, no, no, no, no)
Heartache, no fighting
There will be no more
(No, no, no, no, no)
Tears tonight
Just wanna love somebody
I just want to love you, baby

No more
(No, no, no, no, no)
Tears tonight
There will be no more
(No, no, no, no, no)
Heartache, no fighting
There will be no more
Tears tonight
Come on and love me, lady
'Cause I just want to love you, baby

What you gotta do, girl
Is look into my eyes, pretty
Tell me exactly
Exactly what you see in me
All I wanna do, girl
Is show you the light
And things'll get brighter
Things'll get a little better, baby

I already know what
Lies in your heart, pretty
I know you've got a lot to give
Deep inside your soul, girl
But don't you give up, girl
'Cause things'll get a little better
Just you wait and see

'Cause God has promised us
The load will get lighter
It said in the word, girl
The light will get brighter
Just have a little faith, girl
And soon you will see
My love is wonderful
True love is wonderful

There will be no more
(No, no, no, no, no)
Tears tonight
There will be no more
(No, no, no, no, no)
Heartache, no fighting
There will be no more
(No, no, no, no, no)
Tears tonight
Just wanna love you, lady

There will be no more
(No, no, no, no, no...)
No more
There will be no more
Tears tonight
Just wanna love somebody
