

# Promise to Share

Stevie B

If I promise to share  
If I promise to care  
Can I come back to you?  
If I promise to share  
If I promise to care  
Can I come back to you?

I confess to you, girl  
I'm just a man  
I know I make mistakes  
In life like in love  
I'm doing all I can  
Just tell me what it takes

You touch me, girl, I touch you  
This love was out of control  
I want you  
Do you want me?  
Oh baby, where did I go wrong?

If I promise to share  
If I promise to care  
Can I come back to you?  
If I promise to share  
If I promise to care  
Can I come back to you?

And they say, in time, my love would heal  
But in my heart and my mind  
I know that's not how I feel  
And I need you near me  
Just to know that you're there  
Just a heartbeat away  
And now I know that you care

You touch me, girl, I touch you  
This love was out of control  
I want you  
Do you want me?  
Oh baby, where did I go wrong?

If I promise to share  
If I promise to care  
Can I come back to you?  
If I promise to share  
If I promise to care  
Can I come back to you?

If, if I promise to  
If, if, if I promise to  
If, if I promise to  
If, if, if I promise to

Turn it up

If I promise to share  
If I promise to care

Can I come back to you?

You touch me, girl, I touch you  
This love was out of control  
I want you  
Do you want me?  
Oh baby, where did I go wrong?

If I promise to share  
If I promise to care  
Can I come back to you?  
If I promise to share  
If I promise to care  
Can I come back to you?

If I promise to share  
If I promise to care  
Can I come back to you?  
If I promise to share  
If I promise to care  
Can I come back to you?

If I promise to share  
If I promise to care  
Can I come back to you?  
If I promise to share  
If I promise to care  
Can I come back to you?
