

Running Back

Stevie B

Looking back on the way
That you have
Really touched my heart
Wishing that I could realize
You were that special one
And now I'm asking for the chance
To let me in your heart again
I realize that I was wrong
Now wont you let me
Come back home

Cuz I'm running back
And I'm on my way
Running back to you
Back to you
Baby baby

Cuz I'm running back
And I'm on my way
Running back to you
Back to you
Baby baby

Just tell me girl
What more can I do
For you to believe
Cuz I waited oh so very long
To have you here with me

So take my hand
And hold me now
We can work it out some how
I noticed that we'll find a way
So lets go all the way
Girl

Cuz I'm running back
And I'm on my way
Running back to you
Back to you
Baby baby

Cuz I'm running back
And I'm on my way
Running back to you
Back to you
Baby baby

Looking back on the way

That you have
Really touched my heart
Wishing that I could realize
You were that special one
And now I'm asking for the chance
To let me in your heart again
I realize that I was wrong

Now won't you let me
Come back home

Cuz I'm running back
And I'm on my way
Running back to you
Back to you
Baby baby

Cuz I'm running back
And I'm on my way
Running back to you
Back to you
Baby baby

I wanna come back
And I'm on my way
Come back to you girl
I wanna come back
Come back to you girl
I wanna come back now
Make love to my baby
I wanna make love every night to my baby
Come back
Come back
Come back

I'm running back
And I'm on my way
Running back to you
Back to you
Baby baby

I'm running back
And I'm on my way
Running back to you
Back to you
Baby baby

I'm running back
And I'm on my way
Running back to you
Back to you
Baby baby
