

Stop the Love

Stevie B

You want to show me your love has changed
You say you want my love and faith
You smile and say: I'm on your mind
And why does seem I'm wasting time?

Now I'm telling you to stop
Playing all this games
Our love's time's up, I'm on your mind
You never will forget

You better stop the love you say maybe you own
Please don't break my heart or I'll be gone away
Stop the love you say maybe you own
Darling I'll be gone and you'll want me back someday

Why must you put me through this pain?
There's was a time we felt the same
My friends say that I'm such a fool
But they just don't know I feel for you

And now I'm telling you to stop
Playing all this games
Our love's time's up, I'm on your mind
You never will forget

You better stop the love you say maybe you own
Please don't break my heart or I'll be gone away
Stop the love you say maybe you own
Darling I'll be gone and you'll want me back someday

Please don't break my heart or I'll be gone away
Darling I'll be gone and you'll want me back someday

You want to show your love has changed
And you say you want my love and faith
You smile and you say: I'm on your mind
And why does seem I'm wasting time?

Now I'm telling you to stop
Playing all this games
Our love's time's up, I'm on your mind
You never will forget

You better stop the love you say maybe you own
Please don't break my heart or I'll be gone away
Stop the love you say maybe you own
Darling I'll be gone and you'll want me back someday

Stop the love you say maybe you own
Please don't break my heart or I'll be gone away
Stop the love you say maybe you own
Darling I'll be gone and you'll want me back someday

You better stop the love you say maybe you own
Please don't break my heart or I'll be gone away
Stop
