

When You Believe

Stevie B

When you believe
That's when dreams come true
Miracles can happen
They sometimes do
When you believe
You can reach the highest star
Nothing is impossible
To achieve
If you believe

Don't you run away
Never be afraid
You were born to face your fears
Now your destiny is here
Rise up to the call
And if you should fall
In your heart, you'll find the strength
To do it all again

When you believe
That's when dreams come true
And miracles can happen
(Miracles can happen)
They sometimes do
(They sometimes do)
When you believe
You can reach the highest star
Nothing is impossible
(Impossible)
To achieve
If you believe
Oh, oh

You can always be
Anything you see
You're a king upon his throne
You're an eagle having flown
Soaring to the sun
Over everyone
Let the light fill up your soul
And you will find a way

When you believe
That's when dreams come true
And miracles can happen
(Miracles can happen)
They sometimes do
(They sometimes do)
When you believe
You can reach the highest star
And nothing is impossible
(Impossible)
To achieve
If you believe

You can climb the highest mountain
Swim the deepest sea

Cross the hot desert sand
Hold the world in your hand
'Cause believe that you can
(Believe that you can)

When you believe
That's when dreams come true
And miracles can happen
(Miracles can happen)
They sometimes do
(They sometimes do)
When you believe
You can reach the highest star
And nothing is impossible
(Impossible)
To achieve

When you believe
That's when dreams come true
And miracles can happen
(Miracles can happen)
They sometimes do
(They sometimes do)
When you believe
You can reach the highest stars
And nothing is impossible
(Impossible)
To achieve

If you believe
That's when dreams come true
(Nothing is)
And miracles can happen
(Impossible)
They sometimes do
When you believe
You can reach the highest stars
(Nothing is)
And nothing is impossible
(Impossible)
To achieve
If you believe

(Nothing is)
(Impossible)
