

Chill

Stevie Brock

Whatcha gonna do whit all that time when we got time in the back of the mattress?

We got Netflix on playing docs-

series about serial killer... This shit is crazy!

I can't believe it. How did he get away with it, it's obvious?

Baby, I love this, doing forensics, playing detective through our television

We ain't gotta go nowhere let's just lay right here and chill, babe

You ain't gotta do your hair, leave your make-up where it's at, baby

And we can just chill, ooh ooh ooh

Yeah, we can just chill, ooh ooh ooh

And we can just chill, ooh ooh ooh

Yeah, we can just chill, ooh ooh ooh

Ooh, it's 7:30, what we got do? All dressed up or, no pants or shoes?

That's when you're the hottest if I'm being honest

Leave your jacket and your red-bottoms in the closet

We can sit around and Gossip Girl about your friends at the Office like we're Mean Girls

We'll be Breaking Bad while we break the bed

Trying Stranger Things. Damn baby

We ain't gotta go nowhere let's just lay right here and chill, babe

You ain't gotta do your hair, leave your make-up where it's at, baby

And we can just chill, ooh ooh ooh

Yeah, we can just chill, ooh ooh ooh

And we can just chill, ooh ooh ooh

Yeah, we can just chill, ooh ooh ooh

Don't you wanna get lazy now?

Call your friends you can blame me now

I just wanna drive you crazy, so many ways we can spend the night in

We ain't gotta go nowhere let's just lay right here and chill, babe

You ain't gotta do your hair, leave your make-up where it's at, baby

And we can just chill, ooh ooh ooh

Yeah, we can just chill, ooh ooh ooh

And we can just chill, ooh ooh ooh

Yeah, we can just chill, ooh ooh ooh
