

# 5 Minutes (2017)

**Stevie Hoang**

I'm just 5 minutes away  
I'm running every light to get to you  
Just don't say that it's too late  
To change your mind  
Cause all I need is a little more time  
I'm 5 minutes away  
I'm standing on the verge of losing you  
Baby just hold on  
I'm almost there  
Just hear what I've got to say  
I'm just 5 minutes away

I was on my way to you  
When I got your call  
I knew something wasn't right  
I could hear it in your voice  
Baby, what's going on?  
I know there's something wrong  
That's when you said  
You just can't do this anymore

Now my heart's beating so fast  
It's jumping out my chest  
Trying to find the words  
But it feels like I lost my breath  
Don't tell me it's too late  
Baby, I'm on my way  
Just promise you'll stay right where you are

I know that I've gotta make it right  
Ain't gotta lot of time  
I'm running every light  
Zero to 95 yeah  
Promise you're not gonna leave  
Until I get there just please  
Stay on the line

I'm just 5 minutes away  
I'm running every light to get to you  
Just don't say that it's too late  
To change your mind  
Cause all I need is a little more time  
I'm 5 minutes away  
I'm standing on the verge of losing you  
Baby just hold on  
I'm almost there  
Just hear what I've got to say  
I'm just 5 minutes away

Gotta get to you so I can plead my case  
Give me one more chance to see you face to face  
Let me look in your eyes  
Baby I can change your mind  
I don't what I would do  
If I was to ever lose you yeah

I gotta make it right

Ain't gotta lot of time  
I'm running every light  
Zero to 95  
I got my foot to the floor  
Baby, I'm almost home  
Stay on the line

I'm just 5 minutes away  
I'm running every light to get to you  
Just don't say that it's too late  
To change your mind  
Cause all I need is a little more time  
I'm 5 minutes away  
I'm standing on the verge of losing you  
Baby just hold on  
I'm almost there  
Just hear what I've got to say  
I'm just 5 minutes away

I'm racing, I'm racing to make, make it right  
Stop playing, stop playing  
Girl stay on the line  
I'm racing, I'm racing to make, make it right  
Stop playing, stop playing

I'm just 5 minutes away  
I'm running every light to get to you  
Just don't say that it's too late  
To change your mind  
Cause all I need is a little more time  
I'm 5 minutes away  
I'm standing on the verge of losing you  
Baby just hold on  
I'm almost there  
Just hear what I've got to say  
I'm just 5 minutes away
