

Double Play

Stevie Hoang

Touching on my, touching on my
Kissing on my, kissing on my

It's two o'clock in the morning
Through the night, I been calling
But you ain't picking up your phone
I come over to your place
There's a car in the driveway
Now, what the hell is going on?

Baby, you got me thinking, you got me thinking
Someone else is here
I can hear voices, I can hear voices coming up the stairs
When I push open the door, two pairs of heels on the floor
Somebody better tell me what the fuck is going on

You said
Baby, don't be mad, she's my best friend, we can make this right
And took me by the hand
You lay me on the bed
She's rubbing on my legs
I ain't even mad

I just want a piece of this
Double play
Her on top of me, you on top of her
I just wanna get me some
Double play
I won't tell a soul, no one has to know

You and her together just
Touching on my, touching on my, touching on my
Kissing on my, kissing on my, kissing on my

I'm loving this
Double play
We can do this slow
It's time to start the show
I'm ready for this
Double play

You know this girl on girl is only for tonight
You know you love it when I pull them panties to the side
Hold on a second girl, just let me get my phone
To make this better, we can make a video

You know that I'll never fall in love, not me
You know that I'll keep it to myself, trust me
You know that I'll beat that pussy up, rocky
Don't need to say a word
I just want a piece of that

Double play
Her on top of me, you on top of her
I just wanna get me some
Double play
I won't tell a soul, no one has to know

You and her together just
Touching on my, touching on my, touching on my
Kissing on my, kissing on my, kissing on my (kissing on my body)
We can do it slow
It's time to start the show
Double play

Gonna make you say ooh
Gonna make you say ooh
Gonna make you say ooh
Gonna make you say ooh

I just want a piece of this
Double play
Her on top of me, you on top of her
I just wanna get me some
Double play
I won't tell a soul, no one has to know

You and her together just
Touching on my, touching on my, touching on my
Kissing on my, kissing on my, kissing on my
It's time to start the show
I'm ready for this
Double play
