

# Ghost (2007)

**Stevie Hoang**

I thought I felt your touch last night  
But I was lying here alone  
And it's been a while since you've been gone  
I try to sleep and close my eyes  
I felt a shiver down my spine  
I can hear your footsteps down the hall

I've been talking in my sleep  
Tossing turning in the sheets  
Hearing voices in my mind  
Keeping me up in the night  
It feels like I'm drowning in these memories  
Now that you're gone you keep on haunting me

I still see you everywhere I go  
Don't wanna fall asleep  
Cause you're in every dream  
Now you're gone  
These bed sheets feel so cold  
Lying here every night  
Stuck in this house feels like  
I'm going insane

Sometimes in the middle of the night  
I can hear you whisper my name  
These Demons that I've got inside of me  
Just won't go away  
I still hear these voices in my head  
Cause you're memory's haunting me everyday  
Like a ghost  
Like a ghost

Don't wanna look around cause all I'll see  
Are memories reminding me  
Of the way we used to be  
Like the spot  
Right by the mirror where  
You used to do your hair  
Your favorite T-shirt  
That's still hanging up on the chair

Lying alone beside this empty space  
You used to lay  
Looking behind me in the mirror  
I still see your face  
Girl I can't get over  
The way that I did you wrong  
Now something inside me  
Just keeps on holding on

I still see you everywhere I go  
Don't wanna fall asleep  
Cause you're in every dream  
Now you're gone  
These bed sheets feel so cold  
Lying here every night  
Stuck in this house feels like

I'm going insane

Sometimes in the middle of the night  
I can hear you whisper my name  
These Demons that I've got inside of me  
Just won't go away  
I still hear these voices in my head  
Cause you're memory's haunting me everyday  
Like a ghost  
Like a ghost

Everywhere I turn  
Girl I still see your ghost  
When I fall asleep  
Girl I still see your ghost  
All the memories haunting me like a ghost  
Oooohhh

I still see you everywhere I go  
Don't wanna fall asleep  
Cause you're in every dream  
Now you're gone  
These bed sheets feel so cold  
Lying here every night  
Stuck in this house feels like  
I'm going insane

Sometimes in the middle of the night  
I can hear you whisper my name  
These Demons that I've got inside of me  
Just won't go away  
I still hear these voices in my head  
Cause you're memory's haunting me everyday  
Like a ghost
