

I Wont Give up on You

Stevie Hoang

Under the darkest sky
I'll be your shining light
I'll do it for you
I'll do it for you
Catching you when you fall
Willing to risk it all
I'll do it for you
I'll do it for you

Just show me how deep is your love baby
I'll give you my heart
Just tell me that you'll stay here by my side
We'll never say goodbye
Girl don't be afraid
I don't know much but all I know is

Girl we belong together
Let's make it last forever
No matter what they do
I won't give up on you
Don't worry 'bout the haters
I know the love will save us
No matter what they do
I won't give up on you

I'll give you all of me
All of your hopes and dreams
Just let me love you
Just let me love you
No matter what they say
I'll never walk away
Just let me love you
Just let me love you

Just show me how deep is your love baby
I'll give you my heart
Just tell me that you'll stay here by my side
We'll never say goodbye
Girl don't be afraid
I don't know much but all I know is

Girl we belong together
Let's make it last forever
No matter what they do
I won't give up on you
Don't worry 'bout the haters
I know the love will save us
No matter what they do
I won't give up on you

I'll fight for you
Just stay here by my side
I'll die for you
Together we will fight

Girl we belong together
Let's make it last forever

No matter what they do
I won't give up on you
Don't worry 'bout the haters
I know the love will save us
No matter what they do
I won't give up on you
