

With Her

Stevie Hoang

I know that you think I've been acting strange
You're wondering why I push you away
But I've been doing what I do
Cause I'm falling for you
And I just don't wanna mess this up
Oh

Never thought that I could feel this way again
But I just don't wanna make the same mistakes
I've been so bad at love
I just don't wanna rush
Girl I'm trying to get it right this time

I don't wanna break your heart like I did with her
I don't wanna mess this up like I did with her
I'm afraid that I'm gonna get it wrong
All I ask is please give me time to grow
I don't wanna be the man that I was with her
I don't wanna let you down like I did with her
So I'm not gonna give up
I'm not gonna let you go
Like I did with her

I never thought I'd get a second chance at love
I swear I've never wanted anything this much
I hope you understand why I'm still holding back
It's just a part of me is still afraid

I know they'll be days the storm will come
The Earth is gonna shake
I promise to stay strong and be your shelter through the rain
I know for sure that I'm learning from my mistakes
This time it won't be the same
And I hope that you can understand

I don't wanna break your heart like I did with her
I don't wanna mess this up like I did with her
I'm afraid that I'm gonna get it wrong
All I ask is please give me time to grow
I don't wanna be the man that I was with her
I don't wanna let you down like I did with her
So I'm not gonna give up
I'm not gonna let you go
Like I did with her

Like I did with her

Like I did with her
