

Stone

Stevie McCrorie

These leaves came falling, and like them you fell into my life
And you changed me for the better
And everything felt so right
At times I was afraid that this boy must be a man
And do the best he can
We are stone
You'll never be alone
We get one another
You, me and your mother
We're stones
And when you're fully grown
If you meet the monster, you can hide behind the stone
And like the northern weather
You're changing so fast
I could lift you like a feather
And I know it's not going to last
You don't have to be afraid
We'll always understand
Just do the best you can
We are stone, you'll never be alone
We get one another
You, me and your mother
We're stones, and when you're fully grown
If you meet the monster, you can hide behind the stones
We are stones, you'll never be alone
We get one another
You, me and your mother
We're stones, and when you're fully grown
If you meet the monster, you can hide behind the stone
Behind the stone
