

Long Distance Winner

Stevie Nicks

Sunflowers and your face fascinate me
You love only the tallest trees
I come running down the hill but you're fast
You're the winner, long distance winner

Not unlike the blue white fire
You burn brightly in spite of yourself
I bring the water down to you
But you're too hot to touch

You love somebody, save their soul
Tie them to your heaven, erase their hell
Love the lifestyle if you feel it
Don't try to change them, you never will

Sunflowers and your face fascinate me
You go into the dusty pink day
I come calling onto you but you run
You're the winner, long distance winner
