

Dollar General

Stevie Stone

This here was all in a dream, everything's getting complicated
As it would have seemed, niggas was stressed out
The whips do a couple of check bounce
I was looking for something to test out
Criminal, I don't usually want the style but now
Circumstances have got me on prowl [?]
Up in the late night, you can check the shit out
And when I see the bait bite, voices were saying to me

Let's go rob the dollar, general
Get the benjamins, and the penny rolls
Grab the panty hose, I'm a criminal
Guess I'm a criminal
Let's go rob the dollar, general
Get the benjamins, and the penny rolls
Grab the panty hose, I'm a criminal
Guess I'm a criminal

Here's the plan
Learned about this days ago, from my man
Tonight is the night, strategizing and apprehend
We'll never get the chance to do this again
Know what I'm saying?
You get up in the alley round 3 o'clock
Of tops, cut the surveillance then we in the spot
Scan the cops so we can stand out
Know the room but not exactly where's whereabouts
Hope you're ready
Lay back and watch for the signal
Brought the proper tools so I can go through the window
Let me get in first, I see a way through the ceiling
It'll be the west wing of the building
Boom, we in and we're fucking this shit here up
Looking through cabinets and cupboards and tear shit up
I got it, let's go, hope that this dream is a hope
They got mafia ties, I think I've gotten too close
I'm living on the edge

Let's go rob the dollar, general
Get the benjamins, and the penny rolls
Grab the panty hose, I'm a criminal
Guess I'm a criminal
Let's go rob the dollar, general
Get the benjamins, and the penny rolls
Grab the panty hose, I'm a criminal
Guess I'm a criminal, now

This was a tight fit,
Campin out in this comfort, for the biggest heist yet
Hear the beat, the last hit, before retiring
In and out, the loot sirens
Know the time it's 3: 43, the plan had to go in action when the cleaning lad
y leaves,
And we, we was sitting quietly,
Silently, wait til she leave it, do it privately
She gone, makin our way, over to the stairs
Straight up the control room with the cameras everywhere

Grab up all the tapes making them all disappear
The room with the safes here, it's sitting right there, yeah
This time sawin up the wall
This safe is a beast, but I brought my biggest saw
A couple hours, the penetrated deep, got home a [?] and 7 G...

Let's go rob the dollar, general
Get the benjamins, and the penny rolls
Grab the panty hose, I'm a criminal
Guess I'm a criminal
Let's go rob the dollar, general
Get the benjamins, and the penny rolls
Grab the panty hose, I'm a criminal
Guess I'm a criminal now.
