

Dope Sick

Stevie Stone

Wyshmaster on the beat
She said she want some dope shit, dope shit
You can get a dose bitch, dose bitch
Better make your body dope sick, dope sick
Hell yeah, be the end of the year
You can binge, I won't tell yeah

I divy out, run it back gentlemen
I got a prop up those that you get you fixated
Pretty much militant
You can go grab a whole mil', measure me up
Who the lemon is, I be dealin this
I been cooking up since just a kid in this, I be serious
On point nigga peerin' it, hearin' it, I be feelin' it
I done checked the corner now I'ma kid again
Gimme Air Jordans and benjamins
Shit'll get more in him like A-shine, now I zip 'em up
When I double down don't dig 'em up
Got your fortune cookie, nigga jig is up
Like Pac did 'em up and hit 'em up
I'ma give you that

Dope shit, dope shit
You can get a dose bitch, dose bitch
Better make your body dope sick, dope sick
Hell yeah, be the end of the year
You can binge, I won't tell yeah
Dope shit, dope shit
You can get a dose bitch, dose bitch
Better make your body dope sick, dope sick
Hell yeah, be the end of the year
You can binge, I won't tell yeah

Now giddy up
Now do I got your full attention ready for the diss plate
Since Tech put me on the Mixed Plate
Been eating records so convincing
I'm activated, what the kids say
I be in the dark still I'm glistenin'
Now tell me really what the risk bait, I be listenin'
Regulate the shit that y'all say when I saw they
Gives a damn of what they call me
But this dope nigga you can get this shit up in a broad day
On a fall day, I mean always, in a hallway (hallway)
I'm a general (general)
Lemme accommodate you tho
I'm a living legend not the minimal
You could put me in the thick of it
I'm loading them blades, it's rivetin'
And I'ma engage and pivot this
I'm riding the waves, you hearing this
I don't really have to prove that
Got me leanin' towards the mood like
Double dutchin' with a groove like
Y'all don't even really move like that
Enter when I'm with the

Dope shit, dope shit
You can get a dose bitch, dose bitch
Better make your body dope sick, dope sick
Hell yeah, be the end of the year
You can binge, I won't tell yeah
Dope shit, dope shit
You can get a dose bitch, dose bitch
Better make your body dope sick, dope sick
Hell yeah, be the end of the year
You can binge, I won't tell yeah
