

## East I-70

Stevie Stone

Uh  
Shao  
Uh

I know to come, lean on me homie  
Bring 'Souri home, please Lord, please help me  
I know, I know, all the angels carried me that day  
Goin' 95 miles an hour, I was drivin' East I-70  
I was drivin' East I-70  
Oh whoa  
I was drivin' East I-70  
I was drivin' East I-70  
Oh whoa  
I was drivin' East I-70

Uh  
This ain't no story tellin' time, this is real spill  
I had a talk with Tech and Trav and finished out the deal  
A different place up in my life, I asked to give me space  
I need to get my thoughts together, different energy  
I took some time for the family, it was family first  
And there's no measurement to family, what the family's worth  
I sat at home, playin' Legos with my little son  
And little Zaiden askin' daddy "when will 'Souri come?"  
Told my little man "it could happen any day"  
I'm jumpin' out the window so I can go and provide a way  
Clearin' out the schedule, there was nothin' in the way  
I'm in and out of lanes, East I-70  
I'll be drivin' 'Souri home

I know to come, lean on me homie  
Bring 'Souri home, please Lord, please help me  
I know, I know, all the angels carried me that day  
Goin' 95 miles an hour, I was drivin' East I-70  
I was drivin' East I-70  
Oh whoa  
I was drivin' East I-70  
I was drivin' East I-70  
Oh whoa  
I was drivin' East I-70

Uh  
Bossie called me, told me "baby 'Souri on the way"  
I get to see the precious face that mom and daddy made  
I get up quick, grab my keys, hop up in the whip  
I'm on the road to St. Louis, four hour trip  
And no sleep, by any means said I gotta make it  
And she in labor now, and then she's fully dilated  
I'm barely woke, runnin' off the road to keep it real  
My life flashed on me, fell asleep up out the wheel  
See it all occurred, out of body, my experience  
Livin' in the flesh, but I'm protected by the spirit  
The angels came for me, never know until you're near 'em  
Lived to tell the story so my baby girl can hear it  
Tryna bring 'Souri home

I know to come, lean on me homie  
Bring 'Souri home, please Lord, please help me  
I know, I know, all the angels carried me that day  
Goin' 95 miles an hour, I was drivin' East I-70  
I was drivin' East I-70  
Oh whoa  
I was drivin' East I-70  
I was drivin' East I-70  
Oh whoa  
I was drivin' East I-70
