You can bring the party
But before we get it started
I hope you got them bottles on deck
'Cause we gon' sip, smoke
Yeah, we kicking it tonight
Tonight ain't no birthday
But yeah, we gon' celebrate
Tonight we came thirsty
But we gon' sip, we gon' smoke
Yeah, we kicking it tonight

Yeah, said, baby, let's g-get love in your vision
Sipping, smoking, we listen
Compensate while we kissing
Attention what you really been missing
I'ma pour a couple shots to get it going
Mama just a sipper but she really don't mind me blowing
Love the way you look in my eyes
Sexual tension, go with the vibes
Baby, it's mine, look at them lips and hips
They switching way up in my mind
Baby, divine
And I'ma compliment your assets every time
Tease me just a little, but she f*cking me tonight
Stay on your line, gimme the prize
I'ma indulge, baby deprived
Have the celebration of your life
When I wrap around you by your thighs
Open the box
And we kicking, sipping liquor, feeling fine
Nobody's at the crib, just gonna be you and mine
She told me hi
