**Stevie Stone**

Girl, I got a technique  
Now give me a chance, I'ma do something to your body  
Girl, I got a technique  
Let me show you once and I bet you, you gon' like it  
But girl, I got a technique  
I'm a technician, girl, I got a technique  
I'm a technician, girl, I got a technique  
Let me show you once and I bet you, you gon' like it  
Girl, I got a technique

At ease, I please, no better  
No swim trunks, can't get no wetter  
Asphalt, she'll tell you the boy go get her  
She came out and got my umbrella like  
Girl I got a technique  
We in the jetski  
Brought ice cubes, hat trick, Gretzky  
Hard leg, got a kick like Jet Li  
She obsessed with the sex, mama sexting  
Girl I got a technique  
Technique that make the bitch squeak, screech, screech  
I beat the beat, the beep-beep  
You can hear us through the doorway  
Set it off when I started with the foreplay

Girl, I got a technique  
Now give me a chance, I'ma do something to your body  
Girl, I got a technique  
Let me show you once and I bet you, you gon' like it  
But girl, I got a technique  
I'm a technician, girl, I got a technique  
I'm a technician, girl, I got a technique  
Let me show you once and I bet you, you gon' like it  
Girl, I got a technique

Tihs oh, got you talking backwards when we get lost  
In the sheets I go beast not a bit soft  
You hit the ceiling when you get to dealing with a big boss  
Just when you thought I did everything though (Nope)  
Switch it up when I'm in your gut, I hit every angle (Dwamn)  
Pick it up when I grip your butt, that big hairy vein grow  
Then get up and twist some stuff, hit that mary jane smoke  
I ain't about to give it to you in no peon way  
No quick lay, me and you baby, it's like Beyoncé  
You get Jay, so if you saying it's cool as Freon spray  
Just hit play, I knock it out like I'm Deontay to this day

Girl, I got a technique  
Now give me a chance, I'ma do something to your body  
Girl, I got a technique  
Let me show you once and I bet you, you gon' like it  
But girl, I got a technique  
I'm a technician, girl, I got a technique  
I'm a technician, girl, I got a technique  
Let me show you once and I bet you, you gon' like it  
Girl, I got a technique

Now give me a chance, I'ma do something to your body  
Girl, I got a technique  
Let me show you once and I bet you, you gon' like it  
But girl, I got a technique  
I'm a technician, girl, I got a technique  
I'm a technician, girl, I got a technique
