

Underrated

Stevie Stone

I could tell when you let me get close
You been dealing with me the most yeah
You're highly underrated
I could tell by the look in your eyes
Ain't no way the men'll surprise you
You're highly underrated
Highly underrated, highly underrated, highly underrated
Yeah, yeah, highly underrated

Underrated, let me get acquainted, the bond made it
Look at my eyes, they dilated, divine maybe
I'm just vibing, we oscillated
Just never get discouraged or even jaded
You're highly underrated
Underrated, let me get close
She chose so poetically, yeah the rose
I'm into it, need a dose, dose, flying in from different shows
Exposed when I start taking off them clothes
You're highly underrated
Underrated, let me just state it
I'm loving the feeling, I follow my favorite
I finally savor the flavor
Take some heed to what is stated
No one can ever combat or debate at you
Highly underrated

I could tell when you let me get close
You been dealing with me the most yeah
You're highly underrated
I could tell by the look in your eyes
Ain't no way the men'll surprise you
You're highly underrated
Highly underrated, highly underrated, highly underrated
Yeah, yeah, highly underrated

Can't forget my lil mami, man her body's special
Stimulating the mind, I calculate the essence
Conversation and wine escalatin' the pleasure
I want you so bad now, I'll fuck you on this dresser
Tall levels, all measures, we feeling through the floor
Pour some liquor on your body, lick up [?]
All yours, I adore, you could take it as yours
Loving your freaky ways, give me time to explore
Highly underrated, rerouting the course
We be getting creative, outside of the norm
There's no place I'd rather be
I'm rocking with you from A to Z
You're highly underrated

I could tell when you let me get close
You been dealing with me the most yeah
You're highly underrated
I could tell by the look in your eyes
Ain't no way the men'll surprise you
You're highly underrated
Highly underrated, highly underrated, highly underrated
Yeah, yeah, highly underrated

Highly underrated
Yeah, yeah, highly underrated
