

Higher

Stick Figure

It's been awhile, still smile like the sun
Laugh along just because all the things that we've done
And we do what's good for the soul
And everyone knows, that I've got you
It really doesn't matter but I wouldn't have it any other way

So come along while I strum my guitar
Standing right where you are, take me back to the start
And who are you waiting there for?
I feel like we've been here before, I've got you
It really doesn't matter but I wouldn't have it any other way

I wanna get higher, higher, higher

Back at the beginning, but somehow it feels the same
There's money in my pocket but I still ain't gonna change
Do it everyday, wanna make it right
Nothing is forever but we always gonna try to get higher, higher, higher

I can still remember when it felt like yesterday
Think we're getting closer, but it seems so far away
It's all we ever do, day it turns to night
Things are always better but we always gonna try to get higher, higher, higher

I wanna get higher, higher, higher

When love is all you need
For people that you meet
The more you got to give, the more you shall receive
There's always been a way to find a way to say
We're not doing it for tomorrow, we're living for today
I got a feeling everything will be just fine

There's a fire, watch it burnin'
Yes it's hotter than the sun
Holding on to someone that you know might be the one
We know not where we're going, not until this day is done
We keep the music rocking cause you know we always want to get higher, higher, higher
We wanna get higher, higher, higher
It really doesn't matter but I wouldn't have it any other way
