

Force my feet to keep on moving  
Sounds so sweet when the beat starts grooving  
Time flies by, but life is such  
I've been thinking that I drink too much  
I hold my breath but I'm still breathing  
Life or death, it never come too easy  
Bide my time till the well runs dry  
I let the sun rays turn a dark soul bright

Shine on like the sun  
Holding on to a feeling  
Shine on everyone  
Find love to believe in

What's mine is yours and what's yours is mine  
They said everything will be just fine  
I give my best and I give my all  
Feel like everything's all my fault  
Time stands still, but the clock keeps spinning  
I close my eyes and get lost for a minute  
The words and the tears, they have long dried up  
I think I thought that I'd had enough

Shine on like the sun  
Holding on to a feeling  
Shine on everyone  
Find love to believe in

Had a dream I was flying  
That's where I go when I want to be free  
All this time I've been trying  
To escape to the place where I belong

Shine on like the sun  
Holding on to a feeling  
Shine on everyone  
Find love to believe in  
Shine like the sun  
Shine like the sun  
Shine like the sun  
Shine like the sun
