

## Ring Loud (Last Hope)

Stick to Your Guns

My friend, What has you so troubled?  
Why have you turned life into such a struggle?  
I see it in you no matter how hard it tries to hide;  
The war in your heart and fire in your eyes.  
I can't follow, trust me I've tried.  
My path is lit by a brighter light.  
I will always sing humanity's song,  
We May fall but we will carry on.  
May these words ring loud.
