

## Any Day Now

Sticky Fingers

I'll never let you go  
Cause you're in my fantasy  
Some may say you're like a hero  
And I'll have you know  
You're more than memory  
Stranger days have casted away the storms

Any day now a world away a broken heart  
Any day now it's nice to know we'll see the blast  
Any day now a world away a broken heart  
Any day now

So ride the river float down the streams  
And run up the clouds into my dreams  
Gonna wake up the world as we're rolling on in from  
Everywhere we've ever been

Any day now a world away a broken heart  
Any day now it's nice to know we'll see the blast  
Any day now a world away a broken heart  
Any day now

Any day now  
Any day now
