

Sunsick Moon

Sticky Fingers

I lie in silence, weak
Washed up, a beast, I'm blue
Got caught up a violent wave
This sunsick moon
Blinded by my mistakes
Swept up aside I stray
Dried off my hair, gone straight
This sunsick moon

Why you gotta leave so soon?
Dawnin' of time, and I'm gonna miss you too

It was a fascination, people are talkin' true
Many hands are shakin', sunny afternoons
So, baby, why'd you shake me? Sat in the windowsill
Come on home, get lazy, honeysucker, shoot to kill

I lie in silence, weak
Washed up, a beast, I'm blue
Got caught up a violent wave
This sunsick moon
Blinded by my mistakes
Swept up aside I stray
Dried off my hair, gone straight
This sunsick moon

Why you gotta leave so soon?
Torn in a tie, and I'm gonna miss you too

It was a fascination, people are talkin' true
Many hands are shakin', sunny afternoons
So, baby, why'd you shake me? Sat in the windowsill
Come on home, get lazy, honeysucker, shoot to kill

Why you gotta leave so soon?
Torn in a tie, and I'm gonna miss you too

And I'm gonna miss you too
And I'm gonna miss you too
