

## Down with Heaven and Hell

Still Corners

Your speed is deadly  
You've fallen out of time  
Like you don't belong

It's a long way down, Icarus  
You're heaven bound, Icarus  
Can you make it back?

Up

The sky rips open  
Or have you lost your mind?  
Is being bad so wrong?

It's a long way down, Icarus  
You're heaven bound, Icarus  
Can you make it back?
