

Endless Summer

Still Corners

Listen to the tide (aah)
It pulls us in
Close to end of time (aah)
Can we begin?
Lookin' to your eyes (aah)

Follow, follow, follow, follow
Aaah...

We are out of tune (aah)
But feels so right
Tide will be in soon (aah)
This soft and light
Summer ends soon (aah)

Follow, follow, follow, follow
Oooh...
