

## Let's Make Up

Still Corners

Why don't we  
Try and make up  
Dance the night away  
Let it take us

I don't wanna fight anymore  
There's too many wars as it is

Why don't we  
Try and make up  
Dance the night away  
Let it take us

Gotta let it go, my man  
It's not worth any of our time

Why don't we  
Try and make up  
Dance the night away  
Let it take us

Why don't we  
Try and make up  
Dance the night away  
Let it take us
