

Midnight Drive

Still Corners

I know, I know we're lost
I know, I know we're lost
I can't help myself when we drive

Oh, don't hold us back, this midnight drive
You see the stars are out tonight
You see the stars are out tonight

I know, I know we're lost
I know, I know we're lost
I can't help myself when we drive

Oh, don't hold us back, this midnight drive
You see the stars are out tonight
You see the stars are out tonight
