

## Frida Kahlo

### Still Woozy

The rain is knocking on my window  
All I can think about is you, though  
The trees are shakin' in the ground  
And I just wanted to have you around

Frida Kahlo  
Frida Kahlo  
I can't let go  
I can't let go  
You know  
You know  
You're right  
You're going  
You're gone  
Goodnight

The birds are hiding in their nests  
I might do something, something I'll regret  
I'm in the morning of my life  
But when you left, everything turned to night

Frida Kahlo  
Frida Kahlo  
I can't let go  
I can't let go  
You know  
You know  
You're right  
You're going  
You're gone  
Goodnight

Frida Kahlo  
Frida Kahlo  
I can't let go  
I can't let go  
You know  
You know  
You're right  
You took  
You took flight

Well, I tried  
I can't let go  
I tried to say goodbye  
I can't let go
