

## Lemon

Still Woozy

Girl what do you  
Want me to do  
I can't handle when I make you cry  
Though it's nothing new

I'm not somebody  
Who's doing it right  
But that just won't stop me  
From trying tonight

Let me know it's all right  
Girl you know just take your time  
You know I'll never leave your side no  
I know we're gonna be just fine  
I know we're gonna be just fine

My bed feels so empty  
But it smells like you  
I think I'll try to take it with me  
When I leave this fucking room

I think I gotta go  
I can't stay inside  
I really wanna know  
Where is your mind

Let me know it's all right  
Girl you know just take your time  
You know I'll never leave your side no  
I know we're gonna be just fine

I know that we gon be just fine  
I know that we gon be just fine

When you come around  
I can't remember down  
I can't remember down like magic when  
I look through your eyes  
And to my surprise  
I see that the world is still alive

Let me know it's all right  
Just take your time  
I know that we gon be all right  
It's gonna be just fine

Gonna be just fine
