

Rid Of Me

Still Woozy

Oh, sleeping with eyes wide open
You know
I gotta go
I'll lay here in bed long as I can
If I could stay
Stay till the end

I will be back
Soon, I
Know that
You're tired of waiting
On me

When I
Come back
I will
Cut down
On all
Of what I won't do

Where did you go, my girl?
Lift up your eyes
You've gotta know, my girl
It's just you and I

Now I'm waking alone again
Another strange place I'm in
The street up ahead winding on
Now I'm missing two, not one

I will be back
Soon, I
Know that
You're counting on
Me

Well, I'm so sick
Of being
Used to
Leaving
My heart behind

Well, I love you still
Through it all
No matter where I go
I'll be coming home
And I need you still
Through it all
Through all of the bullshit
That came before
And I'll be around
You know I will
You can't get rid of me so easily

You can't get rid of me so easily
You can't get rid of me so easily
