## Still Woozy

Darling, can you ride?  
Let me know  
And I will be back soon  
I have to go

Wait a second, what?

(Darling, can you ride?  
Let me know)  
Bright brown through green deep blue  
Every lover had a different hue  
Even you with your hazel eyes  
(Darling, came back home  
I have to go)  
Got your hair french braided  
And your head in the skies  
Such a heavenly mind  
We should lay in grass  
By the lake under trees  
With the sun on your face  
And the birds in the breeze  
(Darling, can you ride anymore?)  
Girl I like you a lot  
Do you care?  
Don't you see?  
What the fuck am I saying?  
This is overwhelming for you I know  
But I really like you a lot  
Uhm, sorry  
Yeah  
(Darling, be back soon  
I have to go)
