

In a Rush

Stillwell

I need it now, like yesterday
Give me the emptiness, with no delay
Before the traffic, I'll lead the way
Give me

The instant you crave won't last
We're in a rush to go nowhere fast
The indulgence will peak & pass
We're in a rush to go nowhere...

I want it now, don't need to wait
Get me ahead of time, pick up the pace
Can't slowly climb, I'll skip the line
Give me

The instant you crave won't last
We're in a rush to go nowhere fast
The indulgence will peak & pass
We're in a rush to go nowhere fast
