

# Magnetic Daze

Stillwell

Won't explore, can't discover, in one ear and out the other  
Locked up your mind  
Said the word before you dove in, move with no thought gets no  
wins  
Bite my tongue let you slide  
Done did what you're pursuing, truth slid from what you're doin  
g  
Cant sell your plan it fell through, I'll be the first to tell  
Magnetic daze, magnetic daze, magnetic day day day day, yay yay  
yaze  
Magnetic daze, magnetic daze, magnetic day day day day, yay yay  
yaze  
Can't recall, can't remember, can't live off a bad agenda  
Botox and smile  
Said it before, said it again, tell them the truth and never pr  
etend  
Put more dirt on the pile  
Done did what you're pursuing, truth slid from what you're doin  
g  
Cant sell your plan it fell through, I'll be the first to tell  
Magnetic daze, magnetic daze, magnetic day day day day, yay yay  
yaze  
Magnetic daze, magnetic daze, magnetic day day day day, yay yay  
yaze
