

# City of Angels

## Stitched Up Heart

Whoa, whoa  
Sit back and watch it burn

There is no safe word  
Once the devil knows your name  
There is no easy way out  
Every pill has its pain  
Oh can you feel it through the flames  
We like it hotter anyway

We belong to a city of angels  
Trapped beneath our feet  
Whoa, whoa  
Sit back and watch it burn

So dive in headfirst  
If you wanna play this game  
Oh can you feel it through the flames  
We like it hotter anyway

We belong to a city of angels  
Trapped beneath our feet  
Whoa, whoa  
Sit back and watch it burn

We belong to a city of angels  
Trapped beneath our feet  
Whoa, whoa  
Sit back and watch it burn

Oh, oh, oh, oh

We belong to a city of angels  
Trapped beneath our feet  
Whoa, whoa  
Sit back and watch it burn

We belong to a city of angels  
Trapped beneath our feet  
Whoa, whoa  
Sit back and watch it burn

Watch it burn!  
Burn!  
Sit back and watch it burn!
